Data :

For this project we will need

1. New York neighbourhood and coordinate data
    Source : https://cocl.us/new_york_dataset
    This data contain neighbourhood, borough, and it coordinate that we will use to explore. We can use the coordinate for starting point to explore using foursquare API and search nearby Chinese restaurant on each neighbourhood.
2. List of Chinese restaurant on each neighbourhood
    Source : From Foursquare API
    We can search Chinese restaurant on each neighbourhood using Foursquare API and get tips and likes for that restaurant for ranking.
